Student Driver's License Number

Name of Person Vehicle is Registered to

Relationship to Student Driver

NOTE: This application will not be accepted for any student who has a balance due to the High School as a result of unreturned items or excess tardies from 4th marking period of the previous year.

Students parking on the campus will be permitted only in the designated student parking areas between the hours of 7:00 a.m. - 5:30 p.m. on school days. Students are encouraged to lock their vehicles to ensure security. The school district is not liable for damage done to cars or property stolen from them. Since there are limited student parking spaces available on campus, they will be filled on a first-come, first-served basis by those students with permits.

Students must have a parking permit on their vehicle in order to park on campus. Each student will be responsible for his or her own permit. Only one permit will be allowed per student. *If, during the school year, there is a change of vehicle, the student must return their first permit to the security desk, with their new vehicle registration card for another permit.*

Examples of infractions that can lead to loss of parking privileges include:

1. Excess tardiness, absences, truancy from school, discipline referrals or failing grades.
2. Parking in staff parking areas, fire lanes, blocking aisles or unauthorized areas.
3. Illegally leaving school property or aiding other students to do so.
4. Uncooperative attitude or insubordination toward a staff member (including monitors and security personnel).
5. Speeding or unsafe driving on school property.
6. Loitering in the parking lot areas.
7. Any selling, trading or falsification of the issued permit will result in losing your parking privilege for the entire school year.

When submitting your application, you must provide a copy of your Driver's License and Vehicle Registration. We fully understand the terms and responsibilities of obtaining a student parking permit:
